About Pine Views

Pine Views is the official magazine of the Pine View Association. Five issues will be published each school year. The issues will be mailed to our current families and will be available in the Pine View front office. The issues are also available online at www.yourpva.org under the Pine Views tab.

WHO GETS PINE VIEWS?

Pine Views is mailed using the address information provided through the FOCUS portal. Families who selected “Yes” to be included in the school directory during registration will automatically receive the magazine.

If you are not currently receiving Pine Views and would like to be added to the mailing list, please email pineviews@yourpva.org with your home address.

Submissions to Pine Views

Students, faculty, staff, and parents are encouraged to submit articles and photos for publication at pineviews@yourpva.org

- Photos must be high-resolution JPEGs or PDFs, and all student photos must include names and grades.
- Flyers and other materials should be submitted as high-resolution PDFs.
- Deadlines: All submissions are due one month before publication.
- Content: Articles and information should be of interest to the Pine View School community.

Pine Views is published by the Pine View Association (PVA). All rights reserved. Information is believed to be reliable but cannot be guaranteed. Neither PVA, Pine View School, nor its affiliates or representatives shall be held liable for any loss incurred from information published. Inclusion of advertising does not imply endorsement.

FROM THE PRESIDENT

Another summer has slipped away. To our newest alumni, congratulations! I wish each of you all the best as you begin this exciting next chapter, not only in your academic journey, but in your lives. The opportunities for growth over the next four years are tremendous. Take advantage of everything your new school communities have to offer, keep your dorm room doors open, and embrace the chance to meet people from all over the world. The friendships you build will last a lifetime. As you navigate this transition, don't hesitate to ask for help. Every college community has people who want to support you. Sometimes all you have to do is reach out.

For our returning families, there are countless opportunities to stay engaged in the Pine View community. We look forward to welcoming new families at our New to Pine View Parent Coffees, where PVA board members will be available to answer questions and help you get connected. As you flip through this issue of Pine Views, you'll also find many ways to volunteer and become more involved on campus. Whether you can give a few hours or take on a leadership role, your time and talents make a meaningful difference for our students, teachers, and school community.

I am especially proud to share two exciting campus improvements for the 2026–2027 school year, both made possible through the generosity of our Pine View families. PVA funded a beautiful new Pine View School entrance sign and enhanced the landscaping surrounding the marquee, creating a more welcoming first impression for everyone who visits campus.

Our most exciting project, however, is the complete reimagining of the Media Center. Scheduled for completion in late August, this transformed space will feature increased seating capacity and thoughtfully designed work zones that support the diverse learning needs of Pine View students across all grade levels. We know it will quickly become a favorite destination for both students and faculty. Completing the transformation is the beautiful Class of 2026 Garden, designed by the incredibly talented Lesley Sachs, whose vision has created a lasting tribute overlooking the quad.

As summer winds down, I hope you find time to relax, recharge, and enjoy these final weeks before school begins. I also encourage you to learn about the school board candidates appearing on the August 18 election ballot and, if you're eligible, make sure you're registered to vote. A symbiotic school board that focuses on students and teachers will decrease the distractions and stress in our school district.

We look forward to welcoming both familiar and new faces back to campus in August. Here's to another wonderful year at Pine View!

ABOUT PVA

The Pine View Association (PVA) is Pine View's parent-led organization of parents, teachers, staff, and friends of the school. Working with the Pine View community, the PVA supports and advances the excellence of Pine View School.

The PVA encourages volunteerism, raises and disburses funds, promotes communication and cooperation with the school, provides input on issues of concern to parents, and supports gifted education advocacy at the local and statewide level.

HELP WANTED

CONSIDER THE FOLLOWING OPEN POSITIONS

One of the best parts of being a Pine View parent is being part of the community. Volunteering through the Pine View Association is a great way to meet other parents, support our outstanding teachers and students, and stay connected to what's happening across campus.

Whether you have a few hours to give or are ready to take on a leadership role, every volunteer makes a difference. Together, we're helping create the exceptional Pine View experience for every student.

Peramathon Prize Wizard

Help motivate Pine View students during Peramathon! The Peramathon Prize Wizard selects the fun prizes students love, helps source them within budget, and assists with prize distribution in November. It's the perfect role for someone with creative ideas and a knack for finding great deals.

Contact: peramathon@yourpva.org

Pine View Fair Chair

The Pine View Fair is looking for a volunteer chair to help lead one of the school's biggest community events! The Fair Chair oversees planning throughout the school year with the support of an experienced committee and dedicated volunteers.

Contact: pvfair@yourpva.org

Python Run Race Director(s)

The Python Run is looking for new race directors to assist in organizing Pine View's annual community race. This event, organized by PVA, is a community-wide occasion with a large local following. The Race Director will collaborate with a committee to manage many aspects of planning the race, including county permitting, sponsorships, working with the timing company, securing student volunteers, and coordinating with local restaurants for post-race breakfast donations. On race day, responsibilities include setting up the race course through Rivendell, assigning volunteers, directing vendors, and setting up the awards ceremony. These tasks are best divided among 2-3 race directors, and you will be guided through the process by former race directors.

Contact: president@yourpva.org

Pine View Pride

PV PRIDE is seeking an elementary parent volunteer to assist in the planning of PV PRIDE events. PV PRIDE is PVA's way of rewarding students for their academic accomplishments. PRIDE events occur three times per year, at the end of each quarter. You would be expected to help plan in the weeks prior to the event, as well as attend the event each quarter. If you are organized, enjoy being on campus, and are interested in assisting in planning these events throughout the year

PACE Donations

PARTNERS TO ACHIEVE CLASSROOM EXCELLENCE

Want to make a direct impact in a Pine View classroom? P.A.C.E. is the approved way for families to support specific teachers, classrooms, and departments. Tax-deductible donations help provide the resources teachers need most, including software, books, visual aids, enrichment materials, and other classroom tools that support student learning.

Families can choose any teacher, classroom, or department to support, and your child does not need to be in that class to contribute. P.A.C.E. donations can also support PE, music, art, foreign language, chorus, band, orchestra, the media center, guidance, and more. **Every donation, in any amount, is graciously accepted and makes a difference!**

Ready to help? Visit the P.A.C.E. page on the Pine View Association website (yourpva.org) to donate online or download the P.A.C.E. form.

Questions? Contact P.A.C.E. Chair **Wendy Teague** at pace@yourpva.org.

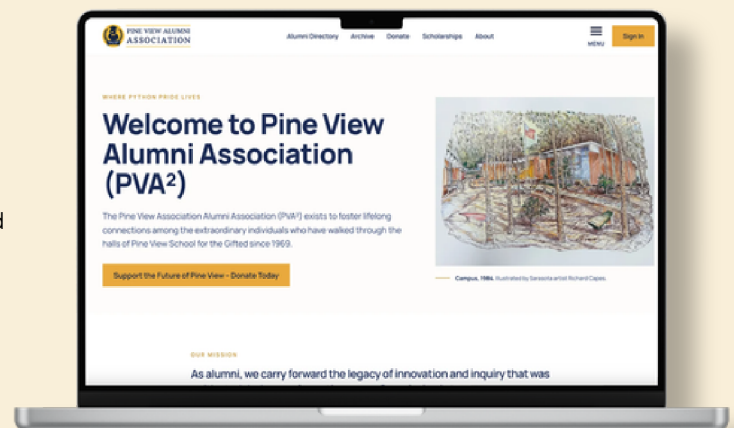

Alumni Connection

ONCE A PYTHON, ALWAYS A PYTHON!

There's a new place for Pine View alumni to reconnect! Whether you graduated last year or decades ago, PVA² has launched an updated website designed to keep our alumni community connected. Explore class news, browse the alumni directory, learn about upcoming events, and discover ways to support the next generation of Pythons through the Alumni Fund.

Thanks to the generosity of our alumni, \$2,978 was raised during the 2025–2026 school year to support current and future Pine View students.

Are you an alum – or do you know one? **Visit pva2.org**, explore the new site, and share it with fellow Pine View graduates. Help us reconnect Pythons from every generation!

Pine Views

DELIVERED TO YOUR MAILBOX

Pine Views is the official magazine of the Pine View Association, created to celebrate our students, highlight school achievements, share upcoming events, and keep families connected throughout the year.

Published **five times each school year** - once each quarter plus a special summer edition - Pine Views is mailed directly to participating Pine View families, with additional copies available in the school front office and online at yourpva.org.

The magazine is mailed using the address information provided through the FOCUS Portal. Families who choose to be included in the Pine View Directory during registration will automatically receive a copy.

Have a story idea, student accomplishment, or photos to share? We welcome submissions from students, families, faculty, and staff. Together, we can continue telling the story of the remarkable things happening every day at Pine View. Email submission ideas and suggestions to pineviews@yourpva.org

ADVERTISE WITH US

Supporting Pine View can also help grow your business. Advertising in Pine Views is one of the most effective ways to connect with hundreds of engaged Pine View families while directly supporting programs, events, and opportunities that enrich our students' educational experience.

YOUR SUPPORT *at Work*

Every event ticket, sponsorship, donation, and volunteer hour adds up. During the 2025-26 school year, the Pine View Association raised more than \$510,000 through April to support Pine View students, teachers, classrooms, clubs, and programs.

Those dollars show up across campus in ways big and small. PVA funded classroom learning tools, student research, agenda books, faculty appreciation, student recognition, club competitions, and direct classroom support through P.A.C.E. More than \$67,000 was distributed directly to Pine View teachers, while a \$200,000 budget helped support club and program funding requests reviewed throughout the year.

Behind every number are Pine View families, sponsors, and volunteers who make the work possible. More than 15 volunteer-led committees, along with dozens of event and program chairs, helped turn community support into opportunities for our students.

Backing Big Ideas

FROM THE CLASSROOM TO WORLD FINALS,
PVA HELPS STUDENTS GO FURTHER

Pine View students dream big, and PVA works to help turn those ideas into opportunities. Throughout the year, funding requests from student organizations, teachers, and school programs are reviewed at monthly PVA board meetings. This year, approximately \$145,000 was committed to clubs and competitions.

That support helped Pine View students compete, create, research, perform, and represent our school far beyond campus. PVA committed funding to Pine View's student-designed space flight experiment headed to the International Space Station, the new Varsity Golf program, Odyssey of the Mind teams traveling to World Finals, Band, Jungle Robotics, DECA, Business Professionals of America, HOSA, Quiz Bowl, ISEF, Chorus, and more.

The Pine View Fair provided another important source of student support, distributing \$34,636 directly to more than 80 Pine View clubs and classrooms. From a booth at the Fair to a competition across the country, PVA funding helps give Pine View students the opportunity to take their ideas further.

\$40,000 | Space Flight Experiment

\$15,000 | Varsity Golf

\$10,000 | Pine View Band

\$10,000 | Jungle Robotics

\$9,000 | DECA

**+ 13 MORE FUNDED PROGRAMS &
CLUBS**

Investing in Pine View

SOME INVESTMENTS LAST LONGER THAN A SCHOOL YEAR

Each year, PVA invests not only in today's programs but in the future of the Pine View campus. Reserves built through years of careful stewardship allow PVA to take on larger capital projects that create a lasting impact for students and teachers.

One of PVA's most significant capital commitments is now underway: a major update to Pine View's media center, scheduled to open for the 2026-27 school year. PVA is also funding a new sign at the school's main entrance on Python Path.

These projects follow previous campus investments, including the all-weather turf installed on the elementary playground. Together, these improvements are a reminder that support from Pine View families and sponsors continues to make a difference long after a single school year ends.

MEDIA CENTER UPDATE

A comfortable lounge beside the librarian workspace.

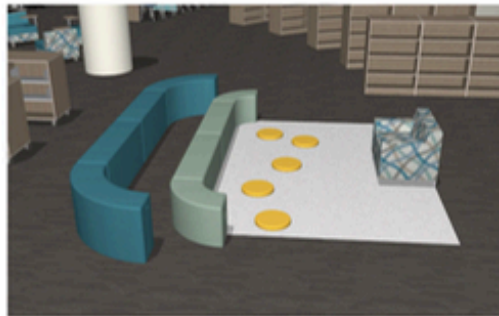

Standing collaboration tables and makerspace stations.

Book stacks wrapped around a curved reading lounge.

A welcoming new circulation desk.

A gathering space for our youngest readers.

Height-adjustable tables for technology and research.

Great schools are built in two ways:

through the spaces where students learn and the people who inspire them every day.

Celebrating our People

SUPPORTING THE TEACHERS, STAFF, AND STUDENTS WHO MAKE OUR COMMUNITY THRIVE

A great school is about more than programs and projects. It's about people. Throughout the year, PVA helps celebrate the teachers, staff, and students who make Pine View such a special community.

PVA invested \$10,794 in faculty and staff appreciation, including the Welcome Breakfast, team-building dinner, holiday celebration, and Faculty & Staff Appreciation Week. Through PACE, an additional \$67,311 was distributed directly to teachers for classroom needs.

PVA also partners with Pine View to celebrate student achievement. This year, more than \$15,000 supported Pine View Pride and Proud Python celebrations, helping recognize students for academic achievement, effort, growth, leadership, and character. When Pine View recognizes a student, PVA is proud to help make the moment feel special.

“

When Pine View recognizes a student, PVA brings the celebration. ”

Beyond Pine View

OUR COMMUNITY GIVES BACK

PVA's work begins at Pine View, but its impact reaches beyond our campus. Throughout the year, Pine View families support organizations serving children and families across Sarasota County through financial contributions, donations, and hands-on service.

This year, PVA contributed **\$10,000 to Take Stock in Children**, supporting two Florida Prepaid scholarships for students showing academic promise. Families also collected back-to-school supplies and holiday pajamas and books for Children First.

During Reading Month, Pine View families **donated more than 5,000 gently used children's books**. Through a partnership with The Free Book Fair, those books were distributed to children at Title I schools and Head Start centers throughout Sarasota and Manatee counties.

These projects give Pine View students and families meaningful opportunities to serve together and remind us that strengthening our broader community makes all of us stronger.

SPONSOR PINE VIEW SCHOOL

YOUR BUSINESS. OUR PYTHONS.

One Great Partnership

Pine View families are engaged, education-focused, and community-minded. An annual PVA sponsorship puts your business in front of 2,200+ families all year long while directly supporting student programs, faculty appreciation, events, and campus improvements.

When you support PVA, you support:

- | | |
|---|----------------------------------|
| ✓ Academic enrichment & classroom support | ✓ Student recognition and awards |
| ✓ Teacher & staff appreciation | ✓ Campus improvements |
| ✓ Signature school events | ✓ New initiatives |
| ✓ Student clubs & activities | ✓ And so much more! |

Thank you for investing in PVA!

FROM THE PRINCIPAL

Dear Pine View School Parents, Students, and Community,

It is amazing to think that we will shortly begin another amazing school year at Pine View, and there are so many preparations underway to make it the best year since 1969! Our Pine View student enrollment is increasing over last year, and we are excited to welcome so many new-to-Pine View students and families to our community!

Campus beautifications and cleaning are underway and all awnings have been repainted, the color-coded buildings (i.e., Green, Yellow, Blue, etc) have all been repainted, and the entire campus walkways have all been pressure washed. Garden areas and planting have been updated and are beautiful with Florida-friendly plants, and the main entrance Pine View School sign is being replaced. Thank you to our parents and to PVA for sponsoring many of these initiatives and always being there for our students and school!

I am so pleased to share with our community and celebrate that the State of Florida Department of Education released school grades and once, again- Pine View School is the #1 school in the State! Pine View also continues to be designated as a School of Excellence. Of the 12 cells used in calculating school grades for combination schools (multi-level / multi-grade schools), Pine View School's achievement in our Learning Gains and Learning Gains in the 1st Quartile for both English Language Arts and Math are truly remarkable!

We have already begun working on our School Improvement Plan for the coming year, and there is always room for growth in improving the experiences and opportunities we provide for our students at Pine View, and we look forward to a wonderful 2026-27! Please, log into your parent portals and check for updates and schedules in the coming weeks. Also, the district is sharing information regarding bus riders and the new Tyler Technology system used to access bus ridership, as well as locations for parents. Please, be sure to take advantage of the information that the Transportation Department sends. This coming year, students will also have a new type of student identification card which will be issued upon their arrival. The district is transitioning to using RFID enabled ID badges which will be used to access the bus, meals in the Student Union, books and materials in the Media Center, and serve as the new ID for students across campus.

We appreciate all the positive support from the Pine View School parents and our community, and look forward to another great year- continuing our tradition of excellence! Go, Pythons!

STEPHEN P. COVERT, PH.D.

Reminder: Notes for excused absences should be uploaded directly into the FOCUS system. Uploading your note ensures it is received and processed quickly, keeping your student's attendance record accurate. Thank you for helping us streamline communication and keep records up to date.

Sarasota County Schools Introduces the OpenGate® Weapons Detection System

At Sarasota County Schools, the safety of our students is of the utmost importance. To enhance the safety and security of our schools, we will begin installing OpenGate® Weapons Detection Systems.

These walk-through metal and weapons detection systems are designed to rapidly scan people for dangerous and prohibited items as they pass through the gate. The goal is to provide a quick, unobtrusive way to bring an additional layer of safety and security to our schools.

During the next school year, the OpenGate® Systems will be deployed at your school. As always, the safety of our students and staff is paramount, and the OpenGate® System helps ensure a safe and secure learning environment.

How It Works

Students and visitors will walk through the gate as they enter the building. Any laptops—as well as the items listed below—will need to be removed from backpacks and passed to staff to avoid the OpenGate® system from alerting.

Staff will be on standby each day to greet students and visitors and to address any detected threats. Visitors are required to show identification to enter the school.

If the detector's lights turn red, individuals will be asked to go through the detection system a second time.

If the red signal appears again, individuals will be escorted to a secondary screening location and their backpacks and personal items will be searched as part of a more thorough investigation.

GENERAL GUIDELINES

To keep in mind when passing through the OpenGate® System:

REMOVE THESE ITEMS FROM YOUR BAG & HAND THEM TO STAFF PRIOR TO PASSING THROUGH

LAPTOPS

TABLETS

GAMING DEVICES

METAL
3-RING BINDERS

METAL
SPIRAL NOTEBOOKS

THE FOLLOWING ITEMS CAN REMAIN

CELLPHONE

KEYS

COINS

JACKETS

BELTS

WALLETS

WATCHES & JEWELRY

STEM GRANTS

INVESTING IN TOMORROW'S INNOVATORS

Under the leadership of Hali Flahavan, M.Ed., Pine View's MS/HS STEM Fair Coordinator, the PVA STEM Grant Program helps transform student curiosity into meaningful scientific research by ensuring financial barriers never stand in the way of asking big questions and pursuing innovative solutions.

Open to Pine View high school students, the program mirrors the professional grant process. Students develop a research plan, prepare a project budget, and submit a formal proposal reviewed by Ms. Flahavan, Dr. Covert, and Pine View Association representatives. In addition to funding research materials, equipment, computing resources, and competition expenses, the program gives students valuable experience in proposal writing, project planning, and budgeting.

During the 2025-2026 school year, four outstanding students received PVA STEM Grant Awards. At the final PVA meeting, they shared their research and expressed appreciation for a program that helped bring their ideas to life. Grant funding supported their journey through regional, state, national, and international STEM competitions.

These photos were taken at the Regeneron International Science and Engineering Fair (ISEF) in Phoenix, where Pine View students showcased their research alongside the world's top high school scientists and engineers.

Three of this year's grant recipients will return to Pine View for the 2026-2027 school year to continue their research. Graduate Rohan Dash will begin the next chapter of his academic career at Columbia University, where he has been admitted to a highly selective undergraduate research cohort after placing among the Top 300 students nationwide in the prestigious Regeneron Science Talent Search.

The 2025-2026 STEM Fair season was one of remarkable achievement, with Pine View students earning top honors at the Regional STEM Fair, the State Science and Engineering Fair (SSEF), and the Regeneron International Science and Engineering Fair (ISEF). Their accomplishments demonstrate how PVA STEM Grants help transform curiosity into discovery and empower Pine View students to compete on the world stage.

"We don't want financial limitations to prevent students from asking big questions."

2025-2026 STEM GRANT RECIPIENTS

NEIL ACHARYA

Adaptive Thrust-Vectoring UAV with Hybrid FOPID control and Multicriteria Optimization for Post-Disaster Navigation, Infrastructure Surveillance, and Search and Rescue in Turbulent Coastal Environmental Conditions

Neil went to round two of regional STEM Fair and placed 2nd in the category of Intelligent Machines, Robotics & Systems Software.

ROHAN DASH

A Transformer-Based Approach to Controllable, Multi-Objective Neural Architecture Search

Placed first in regional STEM Fair and 4th at SSEF (state STEM Fair) in the category of Mathematics and Computational Sciences

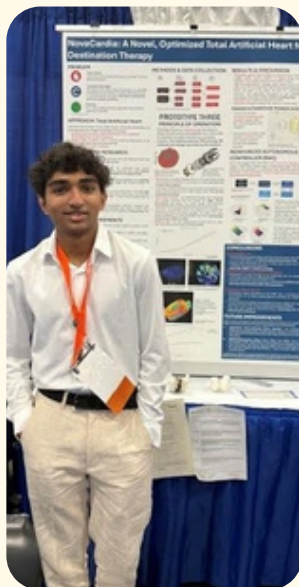

Rohan will attend Columbia University this fall as part of a highly selective undergraduate research cohort.

AADI BHENSDADIA

NovaCardia A Novel, Optimized Total Artificial Heart for Destination Therapy

Placed first in regional and state STEM fair in the category of Biomedical Engineering. Went on to compete in Phoenix at ISEF (International Science and Engineering Fair).

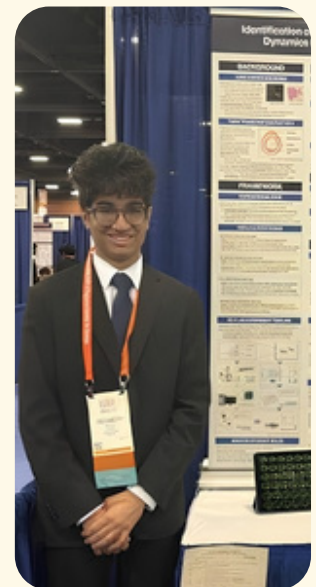

View Aadi's ISEF project board online.

YATHARTH (YASH) KAKKAD

Identification of a Novel TBX2-Dependent Mechanism Linking Pericyte Dynamics to Abnormal Vasculature in Lung Adenocarcinoma

Placed 1st at regions and 2nd at SSEF. Went on to ISEF at Phoenix. Went on to 1st place Grand Award in the category of Biomedical & Health Sciences.

View Yash's project board online.

POWERED BY PINE VIEW GRADS

DR. M&M & DR. SING-YOU
