FROM THE

Editor

Welcome to the first issue of Pine Views for the 2026–27 school year!

I'm excited to help continue sharing the stories, accomplishments, events and everyday moments that make Pine View such a special community. With so much happening across our school, Pine Views is a wonderful way to celebrate our students, faculty and families—and to stay connected throughout the year. I'd love your help in telling those stories.

If there's an interesting project, accomplishment, club, classroom activity, faculty or alumni story—or simply something happening at Pine View that you think others would enjoy hearing about—please send it my way!

Jasmine Frantz

FROM THE President

As we settle into a new school year, I want to thank all of the Pine View families who have already connected with PVA—especially those joining our community for the first time. Whether you attended a New Parent Coffee or our first board meeting, became a sponsor, participated through P.A.C.E., volunteered, or simply reached out with a question, we truly appreciate your enthusiasm and support.

There is already so much to look forward to. Planning is underway for some of our biggest traditions of the year, including Peramathon, the Pine View Fair and Pinnacle. These events are made possible by an incredibly dedicated board and, just as importantly, by parents who generously contribute their time and talents. Whether you have a few hours to give or would like to take on a larger role, we would love to have you involved. Volunteer opportunities will be shared throughout the year on our website and social media channels.

If you haven't already, I encourage you to visit our newly redesigned website at yourpva.org. A special thank-you goes to Celeste Grupman, whose tremendous work behind the scenes has transformed the site and continues to keep our families informed and connected. I'd also like to welcome Jasmine Frantz as our new Pine Views editor and thank her for taking on the publication this year.

Pine View is an extraordinary community, and PVA is proud to support the students, faculty and families who make it so special. I hope you'll find a way to connect, participate and make this community your own in the year ahead.

Sincerely,

Silke Cuff

PVA President

“We are so lucky to be part of this community, and it is PVA’s honor to help enhance it.”

Silke Cuff
PVA President

FROM THE Principal

September 2026

Dear Pine View School Parents, Students, and Friends:

Happy 2026-27! We have had a fantastic opening to the school year, and it has been wonderful welcoming our students and families back to campus. A special welcome goes to those joining Pine View for the first time. Thank you to everyone who attended our New Parent Coffees, Meet the Teacher events, and Open House Nights, and to PVA for helping create these opportunities to connect as a community.

At the start of the year, I had the opportunity to meet with each class in the Ken Bowermeister Auditorium. I shared a message about the 212-degree philosophy, our ethos that gifts are for sharing, and what those ideas can mean for our students throughout the year.

Seeing each class gathered together was a wonderful reminder of what makes Pine View such a special community of learners. Our students continue to impress us, and our faculty remains committed to providing the qualitatively different learning environment our gifted students need.

We also have much to celebrate. Pine View has once again received outstanding state and national recognition, including being ranked the #1 high school in Florida and #13 in the United States. We are also incredibly proud of our record 36 National Merit Semifinalists, representing 21.6% of our senior class.

Rankings may change, and different organizations use different measures, but these recognitions affirm what we see every day: extraordinary work in our classrooms, remarkable students, dedicated faculty, and families and community members who continually support our school.

The beginning of a new school year always brings change and, at times, challenges. This year, Pine View welcomed increased enrollment while navigating districtwide budget constraints and adjustments. We sincerely appreciate the patience and trust of our families as we continue to keep the needs of our gifted learners at the center of our work.

Most of all, I am excited about the year ahead. Our students bring remarkable gifts to Pine View, and as we reminded them at the beginning of the year, gifts are for sharing. I look forward to seeing how they share those gifts with one another, our school, and the larger community.

Thank you for being part of the Pine View community and for your continued support.

Go Pythons!

Stephen P. Covert

ABOUT PVA

The Pine View Association (PVA) is Pine View's parent-led organization of parents, teachers, staff, and friends of the school. Working with the Pine View community, the PVA supports and advances the excellence of Pine View School.

The PVA encourages volunteerism, raises and disburses funds, promotes communication and cooperation with the school, provides input on issues of concern to parents, and supports gifted education advocacy at the local and state levels.

BOARD MEETINGS

VOLUNTEERS WANTED

CONSIDER THE FOLLOWING OPEN POSITIONS

One of the best parts of being a Pine View parent is being part of the community. Volunteering through the Pine View Association is a great way to meet other parents, support our outstanding teachers and students, and stay connected to what's happening across campus.

Whether you have a few hours to give or are ready to take on a leadership role, every volunteer makes a difference. Together, we're helping create the exceptional Pine View experience for every student.

Pine View School Store

The Pine View School Store is looking for volunteers! Help with sales, stocking merchandise, and assisting students during store hours. No experience is necessary, and training is provided. Volunteer for as many or as few shifts as fit your schedule.

Contact: pvstore@yourpva.org

Pine View Fair

Help bring one of Pine View's favorite community events to life! The Pine View Fair is looking for volunteers to help with this year's event on Saturday, November 7, from 11:00 AM–4:00 PM. Volunteers are needed to help make a fun-filled day of games, food, inflatables, and activities possible while supporting Pine View's clubs and teachers.

Contact: fairchair@yourpva.org

Python Run Race Directors

The Python Run is looking for new race directors to assist in organizing Pine View's annual community race. This event, organized by PVA, is a community-wide occasion with a large local following. The race directors will collaborate with a committee to manage many aspects of planning the race, including county permitting, sponsorships, working with the timing company, securing student volunteers, and coordinating with local restaurants for post-race breakfast donations. On race day, responsibilities include setting up the race course through Rivendell, assigning volunteers, directing vendors, and setting up the awards ceremony. These tasks are best divided among 2–3 race directors, and you will be guided through the process by former race directors.

Contact: president@yourpva.org

Pine View Pride

Pine View Pride is seeking an elementary parent volunteer to assist in the planning of Pine View Pride events. Pine View Pride is PVA's way of rewarding students for their academic accomplishments. PRIDE events occur three times per year, at the end of each quarter. You would be expected to help plan in the weeks prior to the event, as well as attend the event each quarter. If you are organized, enjoy being on campus, and are interested in helping plan these events throughout the year, we'd love to hear from you.

Contact: dana.moretta@yourpva.org

P.A.C.E. Donations

PARTNERS TO ACHIEVE CLASSROOM EXCELLENCE

Want to make a direct impact in a Pine View classroom? P.A.C.E. is the approved way for families to support specific teachers, classrooms, and departments. Tax-deductible donations help provide the resources teachers need most, including software, books, visual aids, enrichment materials, and other classroom tools that support student learning.

Families can choose any teacher, classroom, or department to support, and your child does not need to be in that class to contribute. P.A.C.E. donations can also support PE, music, art, foreign language, chorus, band, orchestra, the media center, guidance, and more. **Every donation, in any amount, is graciously accepted and makes a difference!**

Ready to help? Visit the P.A.C.E. page on the Pine View Association website (yourpva.org) to donate online or download the P.A.C.E. form.

Questions? Contact P.A.C.E. Chair **Wendy Teague** at pace@yourpva.org.

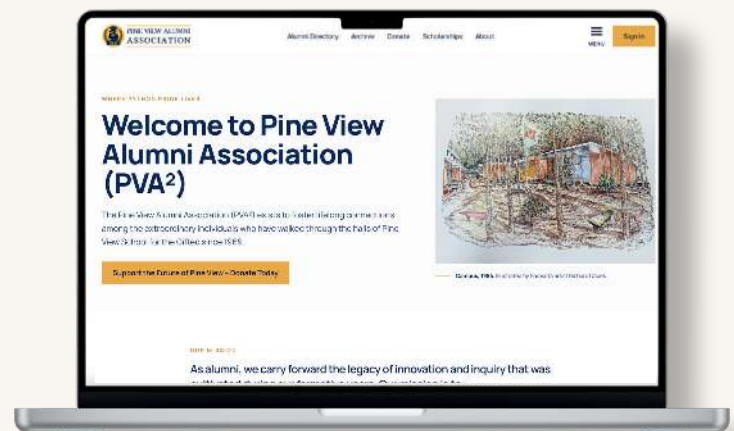

Alumni Connection

ONCE A PYTHON, ALWAYS A PYTHON!

There's a new place for Pine View alumni to reconnect! Whether you graduated last year or decades ago, PVA² has launched an updated website designed to keep our alumni community connected. Explore class news, browse the alumni directory, learn about upcoming events, and discover ways to support the next generation of Pythons through the Alumni Fund.

Thanks to the generosity of our alumni, \$2,978 was raised during the 2025–26 school year to support current and future Pine View students.

Are you an alum – or do you know one? **Visit pva2.org**, explore the new site, and share it with fellow Pine View graduates. Help us reconnect Pythons from every generation!

Pine Views

DELIVERED TO YOUR MAILBOX

Pine Views is the official magazine of the Pine View Association, created to celebrate our students, highlight school achievements, share upcoming events, and keep families connected throughout the year.

Published **five times each school year** - once each quarter plus a special summer edition - Pine Views is mailed directly to participating Pine View families, with additional copies available in the school front office and online at yourpva.org.

The magazine is mailed using the address information provided through the FOCUS Portal. Families who choose to be included in the Pine View Directory during registration will automatically receive a copy.

Have a story idea, student accomplishment, or photos to share? We welcome submissions from students, families, faculty, and staff. Together, we can continue telling the story of the remarkable things happening every day at Pine View. Email submission ideas and suggestions to pineviews@yourpva.org.

ADVERTISE WITH US

Supporting Pine View can also help grow your business. Advertising in Pine Views is one of the most effective ways to connect with hundreds of engaged Pine View families while directly supporting programs, events, and opportunities that enrich our students' educational experience.

PINE VIEW Peramathon

PERAMATHON IS COMING!

Peramathon is Pine View's version of a jog-a-thon, and its unusual name goes back to Pine View's old campus in north Sarasota. With no track, students ran the perimeter of the campus. In true Pine View fashion, perimeter + marathon became Peramathon.

Each year, students in grades 2–8 raise money, earn prizes, and then take to the track for a fun-filled hour of running, walking, bouncing, skipping and hopping together.

Peramathon takes place November 20. Watch for more information about fundraising and event-day activities.

**A DAY OF
COMMUNITY AND
SCHOOL PRIDE**

NOVEMBER 20
FRIDAY · 2026

Peramathon helps fund club activities, classroom resources and special programs throughout the year. It's a celebration of our students, our school and the support of the entire Pine View community.

PINE VIEW FAIR

GET READY FOR PINE VIEW FAIR!

Pine View's biggest event of the year brings together the whole school community for a day of club and teacher booths, lunch, and special guests in the dunk tank. It's one of the events PV students look forward to all year.

Proceeds go directly to Pine View clubs, teachers, and graduation. Committee members, sponsors, donations, and day-of volunteers all help make the Fair possible.

**A DAY OF
COMMUNITY AND
SCHOOL SPIRIT**

NOVEMBER 7
SATURDAY · 2026

Pine View Fair brings the whole school community together for one of the most anticipated days of the year. Beyond the fun, proceeds support Pine View clubs, teachers, and graduation, making every booth, donation, and volunteer part of something bigger.

CLASS OF 2026
LEGACY

A GARDEN THAT GROWS WITH US

Designed by Lesley Sachs and planted by members of the Class of 2026, the garden is a lasting gift to the Pine View community.

“Growing up at Pine View was the most magical experience of my life. Calling the same place home for 11 years and graduating with a class of 182 people gave me the chance to really get to know the people I grew up alongside. Everyone brought their own personalities, interests, and talents to our class, and I feel so fortunate to have watched us grow into the people we are today.

Serving as Class Vice President for four years was a privilege and made being part of this class even more meaningful to me. As much as I’m enjoying college and learning to be on my own, being away has made me even more grateful for those friendships. You didn’t have to be a “for lifer” to understand how special it was to grow up together at Pine View.

“ *It wasn’t just a stepping stone to college. It was my foundation.* ”

Our class garden gives us a way to leave a piece of the Class of 2026 at the place that helped raise us. I hope future students will spend time there getting to know one another and building friendships like ours. As we each find our own paths, the garden will continue to grow along with all of us.”

Bryn Famiglio | Former Vice President,
Pine View Class of 2026

PINE VIEW SCHOOL

2027 National Merit® Scholarship Program

SEMIFINALISTS

CONGRATULATIONS TO THE FOLLOWING 36 STUDENTS IN THE PINE VIEW CLASS OF 2027!

The National Merit Scholarship Program identifies students who have demonstrated exceptional academic ability and potential through their outstanding performance on the PSAT/NMSQT exam. This recognition places these 36 students of the 167 members of the Pine View Class of 2027 among the top scorers nationally and is the first step toward becoming National Merit Finalists and earning valuable scholarships. We commend these young scholars for their hard work, dedication, and remarkable achievements!

COMMUNITY IN CONCERT

Parent musicians step in to support Pine View's orchestra students

Sean and Lena O'Neil

Sarasota Orchestra musicians and co-founders, Sarasota Music Conservatory

Nathan Frantz

Sarasota Orchestra musician and Educational Outreach Director, Artist Series Concerts of Sarasota

Pine View thrives because so many parents and caregivers give their time, energy and talents to our school. They organize events, lead committees, support classrooms and contribute countless hours behind the scenes through the PVA. Their efforts touch nearly every part of school life.

That same spirit of service continued when Pine View's orchestra classes needed support during the search for a new teacher. This time, the need called for professional musical experience, and members of our community stepped forward to help.

Sean and Lena O'Neil, Sarasota Orchestra musicians and co-founders of Sarasota Music Conservatory, volunteered with the orchestra students even though their own children are not enrolled in the class. They generously shared their time and professional expertise simply because they recognized a need and knew they could help.

They were joined by Nathan Frantz, a Sarasota Orchestra violist, Pine View parent and Educational Outreach Director for Artist Series Concerts of Sarasota. Drawing upon his experience as a performer and music educator, Nathan also volunteered his time to support the students and provide continuity during the transition.

Special thanks go to Angela Hartvigsen, Fine Arts Program Specialist and Manager of EdExploreSRQ for Sarasota County Schools, who coordinated the effort through her professional role. As the parent of two Pine View alumni, Angela brings valuable expertise and a lasting personal connection to the school.

PINE VIEW HIGH SCHOOL SPORTS

FALL 2026 UPDATE

CHARACTER / TEAMWORK / EXCELLENCE

*A growing athletics program
and a bright season ahead.*

BOYS GOLF

The boys golf team is off to a strong start this season with a 6–4 record at midseason. The team finished 7th of 20 at the John Ryan Invitational and 9th of 20 at the Crutchfield/Hawkins Tournament. In the latest rankings, the team is 25th of 144 in Florida Class 2A, 3rd in the region and 2nd in the district.

GIRLS GOLF

The girls golf team continues to gain experience this season with an 0–5 record in dual matches so far. Although still seeking their first dual-match win, the girls finished ahead of two teams at the Crutchfield/Hawkins Tournament. We look forward to seeing their continued progress throughout the second half of the season.

VARSITY TENNIS

Excitement is building for Pine View's first-ever varsity tennis season! About 20 student-athletes have been attending Wednesday workouts as the team prepares for its inaugural season. We look forward to watching this new program take shape and compete this year.

Go Pythons!

Pine View's Teachers *of the Year*

2026–27

Pine View School is proud to recognize our 2026–27 Teachers of the Year. These exceptional educators represent the heart of our school community and exemplify the dedication, creativity and care that make Pine View such a special place.

ELEMENTARY

Cassandra Stanley

MIDDLE SCHOOL

Wendy Hazlett

HIGH SCHOOL

Rebecca Kehler

OVERALL TEACHER OF THE YEAR

Wendy Hazlett

Congratulations to Wendy Hazlett,
Pine View's 2026–27 Overall Teacher of the Year.

EXCELLENCE THROUGH EXTRAORDINARY EDUCATORS

Learning Beyond the Classroom

2026 Barancik
TIME Fellows

Pine View is proud to celebrate two of our own. Kathleen Suchora and Pamela Novak were selected as 2026 Barancik TIME Fellows, part of a competitive program that chose just 25 Sarasota County educators from more than 110 applicants. Each fellow receives up to \$12,000 to pursue a self-designed learning experience that renews and inspires their teaching and ultimately benefits our students.

MATH

Kathleen Suchora

Ancient Mathematics in Sicily and Greece

“We traveled in the footsteps of some of the greatest mathematicians in history.”

Kathleen explored Sicily and Greece, visiting the birthplace of Archimedes in Syracuse, the Antikythera Mechanism and mathematical exhibits at the Herakleidon Museum in Athens, and sites including Mt. Etna, the Olympic stadium, the Greek Islands, Sarakiniko Beach and Ephesus in Turkey. Along the way, she experienced how mathematics, history and culture are deeply connected, from ancient engineering to artistic design.

CLASSROOM CONNECTION

Kathleen is already bringing what she learned into AP Statistics, using the ancient Greek kleroterion, a random selection device, as a powerful, real-world example of probability and sampling.

ENGLISH

Pamela Novak

Words and Flavors: A Journey Through Japanese Literature and Cuisine

“I came to recognize and value various aspects of Japanese culture that I saw present in both modern and ancient forms.”

With a background in Tibetan Buddhist studies and years living in Nepal and Tibetan regions, Pamela spent three weeks in Japan exploring how history, spirituality, cuisine and literature intersect. She hiked the 1,000-year-old Kumano Kodo pilgrimage trail, trekked in Daisetsuzan National Park, and visited temples and shrines from Tokyo to coastal communities. The journey deepened her appreciation for the subtlety and intentionality of Japanese cuisine and for the literature she read in preparation, from the 11th-century *The Tale of Genji* to contemporary works.

CLASSROOM CONNECTION

Pamela will use P.A.C.E. funds to enrich her classroom library and incorporate Japanese literature into her AP Literature and Pre-AP English II courses, bringing the cultural and literary discoveries of her fellowship directly to Pine View students.

Elementary Highlight

2ND-5TH GRADE HAPPENINGS

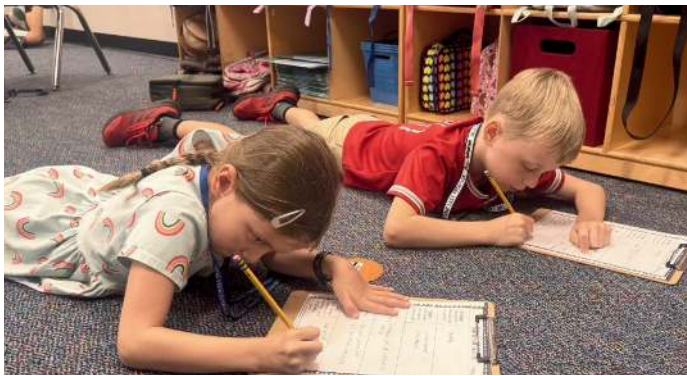

A LOOK AT THE OPENING WEEKS

The school year is already off to a busy start for Pine View's elementary students, with plenty of hands-on learning, collaboration, creativity, and a little fun mixed in.

Students have been getting to know their new classrooms and classmates while jumping into activities that put curiosity and problem-solving to work. **Second graders investigated rocks**, examining and recording their observations, while **fifth-grade science students experimented with bubbles**, practicing skills like measuring, comparing, and averaging their results.

There has been plenty of teamwork along the way, from students working together through science challenges to classmates helping one another tackle new activities. And in fourth grade, students started the year by building their classroom community, working through those first-day jitters, and, as one class put it, **“giving a HOOT” about the year ahead.**

These are just a few snapshots from the first weeks of school, but they capture what is already happening across Pine View's elementary classrooms: students asking questions, working together, trying new things, and settling in for another year of learning.

Middle School Highlight

LANGUAGE, LITERATURE & CONNECTIONS

CHINESE

BUILDING SKILLS, ONE CHARACTER AT A TIME

Intermediate Chinese students began the year by learning to write Chinese characters, practicing vocabulary through interactive computer games and building confidence with Chinese typing. In Chinese 1, students used conversation cards to practice speaking and review for their first quiz.

SPANISH

RECONNECTING THROUGH CONVERSATION

Advanced Spanish students refreshed familiar vocabulary while describing themselves, their classes, favorite foods and hobbies. They also revisited *gustar* and present-tense verbs. Collaborative puzzles and hands-on activities gave students an active way to practice communication, problem-solving and teamwork.

ELA

MAKING CONNECTIONS THROUGH READING

Students began the year by building classroom community, then moved into *The House on Mango Street*. Through hexagonal thinking, they connected characters, vignettes, symbols and themes while supporting their ideas with evidence. Independent reading also remains an important part of becoming lifelong readers.

THINKING LIKE HISTORIANS

EVIDENCE, ARCHAEOLOGY & DISCOVERY

A collaborative cave-art mural turns the classroom wall into a record of early human expression.

A GLOBAL JOURNEY BEGINS

With boarding passes and passports in hand, students began an adventurous trip around the globe without leaving the classroom. Their first stop challenged them to search for clues about their teachers and classes, make claims and support those claims with evidence.

EXPLORING THE PAST

Students learned how social scientists work together to build a fuller picture of cultures and their histories. Cave-painting activities invited them to consider how early people communicated stories, experiences and ideas through images.

COOKIE EXCAVATION

A cookie excavation put archaeological methods into practice. Students created a dig site, plotted findings on a grid, then carefully extracted, cleaned and cataloged each "artifact." The final step was the easiest: eating the evidence.

High School Highlight

LEARNING IN ACTION

SCIENCE IN MOTION

AP Physics 1 students measured the speed of toy cars in their first lab, then graphed the results. The activity introduced experimental design, data collection, and lab-report skills.

Dual Enrollment Astronomy students measured building shadows and used triangulation to estimate the height of Building 17. The exercise connected geometry to astronomical parallax, a way to determine distances to nearby stars.

AP ENVIRONMENTAL SCIENCE

Students have studied species competition, island biogeography, and biodiversity. They have also calculated how energy moves through trophic levels and are beginning to discuss how invasive species affect native populations.

READING, WRITING & ARGUMENT

PRE-AP ENGLISH II

Students are exploring survival through *Into the Wild* and short fiction and nonfiction. Small-group discussions, one-pagers, and a Socratic seminar help them examine how writers portray people facing difficult odds.

AP LANGUAGE

Students are preparing essays for the U.S. District Court High School Essay Competition on working with others toward a common goal. They are also analyzing a journalist's style as practice for rhetorical analysis.

AP SEMINAR

Students debated what counts as a "sport" and used the playful "Cube Rule" to test how categories and arguments work. They are also preparing to enter the essay competition.

High School Highlight

LANGUAGE & LEADERSHIP

COMMUNICATION ACROSS CLASSROOMS

Spanish 4 Honors students are building confidence in an immersive classroom where discussions take place in Spanish. For a speaking project, they will introduce themselves and their interests in a video or class presentation without reading from a script.

French 3 Honors students are studying environmental preservation and renewable energy while practicing vocabulary, grammar, and teamwork through puzzles and games. French 4 Honors is examining immigration, diversity, and social change through readings and a short film.

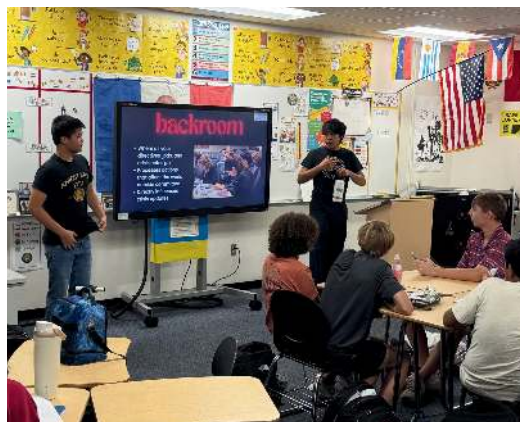

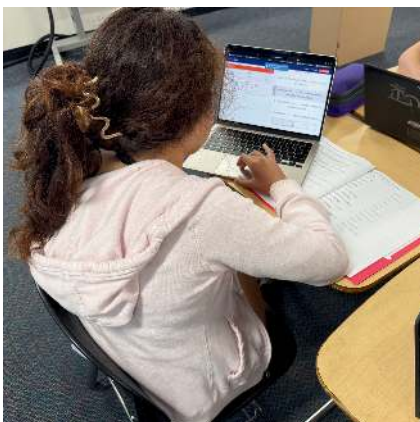

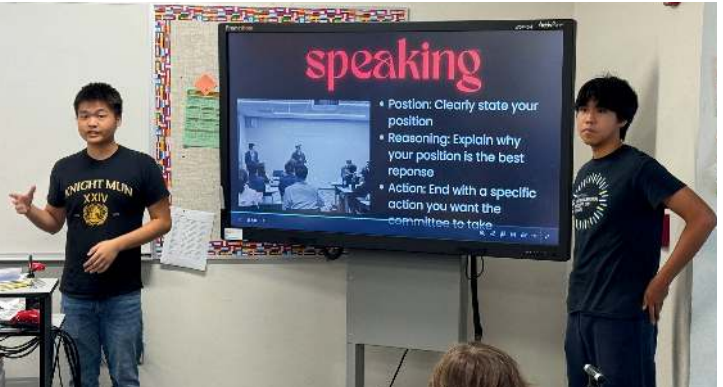

AP French Language & Culture students are exploring family and community through authentic readings, audio, and cultural events; a short film is planned.

MODEL UNITED NATIONS

Model UN begins the year with 93 students. Student officers are leading training sessions for PythonMUN, a simulation designed to prepare members for competition. Interest is so strong that recent sessions filled two classrooms.

Last year, Pine View students earned 22 awards at BullsMUN, KnightMUN, and GatorMUN. The club plans to compete at FIMUN in Miami and return to GlobalMUN in New York City.

The opening weeks offer plenty of opportunities to practice speaking, consider new perspectives, and collaborate with classmates.

KIDS CHOOSE US

PARENTS DO TOO!

"Disney of Dentists," we transform every visit into a magical experience where kids feel excited, comfortable, and inspired to take care of their smiles. Dr. Khatri is a proud PV Mama, whose commitment goes beyond teeth; we're here to create memories filled with joy, laughter, and healthy habits!

Join **Pineview** families who trust **KCUPD** for a dental experience that's filled with wonder and delight.

School & District Notices

Out-of-Field Notification

Guidelines from the Department of Education require schools to inform parents if any teachers are “out-of-field.” For teachers at Pine View, this typically means they are lacking the courses for gifted education endorsement and/or ESOL.

The following teachers are listed as “out-of-field”:

Brooke Leaver, Ashley Moody, Cassandra Stanley and Dr. John Witte.

All of our teachers in this category are currently enrolled in coursework that will address this “out-of-field” status.

Bhanot Facial Plastic Surgery

Sumeet Bhanot MD FACS

Yale Trained
Double Board Certified
Facial Plastic Surgery
Top Doc - Castle Connolly
over 13 yrs

Dr. Bhanot's passion is surgery that recreates youth rather than camouflage by tightening and filling. There is a paradigm shift in our understanding. Subconsciously we perceive a shift in deep facial volume as altered facial proportions, yet consciously we call it wrinkles, sagging skin, and hollows which drives the tightening and filling. Dr. Bhanot has spent over a decade perfecting the deep plane facelift which repositions facial volume, creating a natural, beautiful, refreshed, unoperated youthful appearance.
